To Whom it May Concern,

The River's Charitable Trust has been very happy to support the Christina Noble Children's Foundation since 2003 and has funded the construction of Capital Projects in Vietnam, namely Thanh Long Primary School in Ben Tre Province, and Long Hoa kindergarten also in Ben Tre province.

Having had the opportunity to visit both projects, we were delighted to see the benefit that both have brought to the children and their communities by providing not only education, but a safe and well equipped environment in which to learn. The children also benefit from a nutritious meal thereby addressing the issue of malnourishment which is typical of these rural areas.

The Christina Noble Children's Foundation is a professionally run organization and we wish them continued success in the future.

Alan Rivers
