Doctor Nguyen Hong Thu
Director of Children Hospital No. 2
14 Ly Tu Trong Street, District 01
Ho Chi Minh City
Vietnam

Mrs. Christina Noble
Christina Noble Children's Foundation

Dear Mrs. Christina Noble,

On behalf of the Management Board of the Children Hospital No. 2, as well as all children in Vietnam, we would like to convey our sincere thanks to you.

In recent years we have worked in co-operation with your Foundation, in organizing several realistic health care programs for the poor children of Viet Nam. Especially, during the week from 15th May 2004 up to 21st May 2004, with the participation of doctors and surgeons of the Our Lady's Hospital in Dublin, Ireland, we have performed successful operations for 12 children who had suffered from the advanced anorectal malformation, giving them a better life.

I hope that in the future, Vietnamese children will continue to receive more support from your kindness. We also expect to have more effective co-operation between Children Hospital No. 2 and your Foundation so that we can bring further happiness to unprivileged children.

Finally, we wish you will be healthy always to carry out your unswerving aims for the children of the world.

Yours sincerely,

Dr. Nguyen Hong Nhu
